5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached via email.

Per the attached (emailed) proposal, we wish to apply to restore the circular, cement driveway in the front of the main house and connect it via a new 26 foot wide cement driveway running along the inside of the Kenwood Blvd wall. The new drive would open through the 4th westernmost concrete wall portion and the current cutout would be replaced (using the same materials as the existing wall). We also wish to remove the 1960s asphalt parking lot to the south of the main house and replace that with sod. The attached proposal goes into much more detail on the project...
