Dear Sen. Carpenter:

On April 4<sup>th</sup>, the Judiciary and Legislation Committee of the Milwaukee Common Council considered the matter of the Governor's Election Reform Package

By a unanimous vote, the Committee supported the Governor's Package as the appropriate means to address election issues that presently plague the City of Milwaukee and other municipalities around Wisconsin. Unlike other proposals that have been offered, the breadth and scope of the Governor's Package directly addresses the problems identified in the aftermath of the record-high turnout election in the fall of 2004. Adoption of this plan will greatly assist in avoiding similar problems in the future.

It is important to note that the Governor's proposal requires much work on the part of local units of government. It is our expectation that those duties that will be required of localities will be accompanied by state funds sufficient to properly complete those tasks.

The City of Milwaukee takes our responsibility to ensure fair and honest elections very seriously and appreciates all appropriate attempts made at the state level to assist us in this process. We urge your support and passage of Governor Doyle's Election Reform Package.

Sincerely,

Michael D'Amato, Chair

Unlike other proposals that have been offered, the breadth and scope of the Governor's Package directly addresses the problems identified in the aftermath of the record-high turnout election in the fall of 2004. Adoption of this plan will greatly assist in avoiding similar problems in the future.

It is important to note that the Governor's proposal requires much work on the part of local units of government. It is our expectation that those duties that will be required of localities will be accompanied by state funds sufficient to properly complete those tasks.

The City of Milwaukee takes our responsibility to ensure fair and honest elections very seriously and appreciates all appropriate attempts made at the state level to assist us in this process. We urge your support and passage of Governor Doyle's Election Reform Package.

Representative Mark Honadel  
P.O. Box 8952  
Madison 53708

Dear Rep. Honadel:

On April 4<sup>th</sup>, the Judiciary and Legislation Committee of the Milwaukee Common Council considered the matter of the Governor's Election Reform Package

By a unanimous vote, the Committee supported the Governor's Package as the appropriate means to address election issues that presently plague the City of Milwaukee and other municipalities around Wisconsin. Unlike other proposals that have been offered, the breadth and scope of the Governor's Package directly addresses the problems identified in the aftermath of the record-high turnout election in the fall of 2004. Adoption of this plan will greatly assist in avoiding similar problems in the future.

It is important to note that the Governor's proposal requires much work on the part of local units of government. It is our expectation that those duties that will be required of localities will be accompanied by state funds sufficient to properly complete those tasks.

The City of Milwaukee takes our responsibility to ensure fair and honest elections very seriously and appreciates all appropriate attempts made at the state level to assist us in this process. We urge your support and passage of Governor Doyle's Election Reform Package.

Sincerely,

Michael D'Amato, Chair  
Judiciary and Legislation Committee
