Attn: Claims

200 E Wells Street Room 205

Milwaukee WI 53202-3567

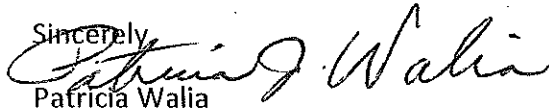

Dear City Clerk:

I have received a letter from the City Attorney's office, stating that they are denning my claim C.I. File No. 1048-2022-524, and I am writing you this letter to file my appeal and request a hearing.

In your denial letter you fail to mention that the water line was in perfect working order until your technician broke it. Therefore, my water meter (before the technician broke it) failed to meet the criteria Ordinance 225-25.5-2a. because it was not leaking.

Your technician broke the water line causing the leak; therefore, it is their liability. I did not break it, it was not leaking before the technician's work, and the technician admitted that he broke the water line, to me, on the day of the scheduled meter change.

Sincerely,

Patricia Walia

RE: Communications from PATRICIA WALIA
C.I. File No. 1048-2022-524

Dear Ms. Walia:

We are in receipt of your claim regarding a meter exchange at 923 S. Layton Boulevard, on March 29, 2022.

Our investigation revealed that on March 8, 2022, Milwaukee Water Works (MWW) reported that a notice was sent to you advising that your water would be turned off in the event your meter could not be exchanged at your location. You contacted MWW to schedule an appointment for the meter exchange.

On March 29, 2022, MWW responded to a meter exchange located at 921-923 S. Layton Boulevard. In preparation to turn water off for the meter exchange, the technician attempted to operate the inlet valve on the meter setting, which then revealed aging and corrosion on the valve that began to leak.

MWW further reports that, because the valve cannot be replaced without disturbing the lead service line, your property was referred to the Lead Service Line Replacement program, and your meter exchange was postponed. The City of Milwaukee Code of Ordinance 225-25.5-2-a., reads "a lead service line must be replaced when a leak or failure has been discovered on either the privately owned or utility owned portion of the service line." There is no language in the ordinance that would allow the owner's portion of the cost be waived.

It is our view that there is no evidence that the City was negligent. As such, we cannot accept liability for your damages, and we are denying your claim.
