Robert M. Overholt
Office of the City Attorney
800 City Hall
200 East Wells Street
Milwaukee, WI 53202-2601

Dear Mr. Overholt,

I have now heard from Walsh Construction Company and they have "determined that the damage caused to [my] vehicle was not part of the traffic control requirements on their Clybourn St. Project." The maps that they provided indeed show that this is the case.

I would very much appreciate if you would please review City traffic signage for September 15, 2004. I believe the sign that hit my car was a "Left Lane Closed Ahead" sign and that it referred to the left lane south of West Saint Paul Avenue at the N. 13th Street intersection.

I look forward to hearing from you, so that we can resolve this damage claim.

Sincerely,

Annemarie Sawkins

Re: Auto Damage / 254 North Ember Lane

Dear Ms. Sawkins:

In response to your August 31, 2005 letter regarding your vehicle damage, Walsh Construction Company has reviewed this claim, and determined that the damage caused to your vehicle from the windblown traffic sign located at 254 N. Ember Lane was not part of the traffic control requirements on our Clybourn St. Project (WISDOT Project Number 1060-05-78), and therefore is not the responsibility of Walsh Construction Company.

Attached for your review I have provided the Stage 1A, 1B, & 1C traffic control drawings for the area in concern. Please note that the Clybourn St. Project did not have traffic control devices South of W. Mount Vernon Ave.

Please feel free to give me a call @ (312) 656-0798 if you should have any further questions regarding this issue.

Respectfully Yours,
WALSH CONSTRUCTION COMPANY

A. Rocky Rossetti -- Project Manager

RE: Case # 05-S-58

Dear City Clerk,

I have been advised by Bob Overholt to submit the enclosed estimate for repair of damage caused on September 15, 2004, by a road sign on 13th Street near Mt. Vernon Street that fell onto my car. As explained by the body shop, this is repair that needs to be done because the exposed area has begun to show signs of rust. For photos of the damage, please see the file for case # 05-S-58.

I am grateful of all that you can do to help settle this matter.
Thank you in advance for your time and efforts.

Sincerely,

Annemarie Sawkins

RECEIVED

Dear Mr. Mantes,

I do not know if by addressing this letter to you, I am addressing this letter to the correct person or not, but I wonder if you would be so kind as to help me.

A very unfortunate thing happened on September 15 of this year. There was a wind storm and my car which was parked on 13th street next to Mount Vernon Avenue was hit by a road sign. Please see attached photos of the scene.

As I understand it, the Dept of Public Works has jurisdiction and operational responsibility for street and traffic signage. I was not going to pursue this matter, but the damaged area is beginning to show signs of rust, and needs to be repainted. Is there any recourse or compensation that the City can provide as restitution?

Thank you very much for helping me in this matter. Your time is greatly appreciated. I look forward to hearing from you.

Sincerely,

Annemarie Sawkins
