

To Whom it may concern;

My name is Lee Whiting Jr. I was born and raised in Milwaukee, although I left for a while and lived in Las Vegas. I was a dealer in one of the Casinos, while attending ~~UNLV~~ I got a certificate in ~~business~~ hotel management, and accounting, book keeping.

I have managed many businesses including auto repair, new car sales, Oil change and muffler centers. Having to manage several employees, and all of the responsibilities.

I worked as a union member for the scaffolding co. that worked on City Hall. and the WE power co. at several plants.

I have owned my own bar, and managed others.

Lately I have been looking to buy houses in the city, fix them up and give folks a decent place to live. I hate to see all the empty buildings in this city, while there are so many homeless. I believe we can come up with ideas to bring neighborhoods back to life and help the people in that live there to work and be proud.

The one thing I hear from visitors to our city is that it still feels like a small town, like home, I don't think we should lose that. We ^{can} be a beautiful modern city that feels like home.

The key is to invest in the neighborhoods

not leave them stand run down causing
a haven for drugs and crime.

There are many ideas and
what our city needs is every one
working together.

I always try to help everyone.
I do many things for my VFW, Friends
family,

I would love to have the
chance to make a difference in
my city. I believe I can be a great
asset.

Thank you

Lee E. Whiting
