Subject: Substitution 4 please for ADUs

Hello,

As a homeowner in District 3, I would like to advocate, if it's not too late, for Substitution 4 in the Housing Element. I have been wanting to build an ADU for some time now, for flexibility to age in place in smaller quarters, or with relatives on the same property, or with not-quite-live-in help. I don't want to have to fight BOZA (or my neighbors) to do this.

PS I would also love to be able to create my ADU by building a second floor above my garage. Not sure if that is possible.
