Yea, that's correct.

We must've use a template wording and neglected to remove the word "Auxiliary". Thanks for checking with us.

I believe so. There's only one Personnel Payroll Assistant position in Health, so that would be the one. I'm not sure why we put "Auxiliary" in there. It was originally changed from PPA II to a PPA III in 2017, and remained that through 2019. When the department was reorganized for the 2020 budget, it was listed incorrectly as a PPA II.

Molly – am I correct?

Crystal,

I believe the Pos Ord amendment language is wrong for 191856. There is no "Auxiliary" section

under Health Dept.

Do you mean under “Health Department, Office of the Commissioner of Health Administration, Human Resources” to delete the PPA II and adding a PPA III?
