SUBMIT PETITION IN DUPLICATE

November 1, 2000

To the Honorable, The Common Council of the City of Milwaukee:

Council Members:

The undersigned United Migrant Opportunities Services, Inc. (UMOS, Inc.) a Wisconsin Corp.  
*(State whether petitioner is an individual, co-partnership, Wisconsin or foreign corporation)*

being the owners of the following described real estate:

Mitchell's Subd in NW 1/4 Sec 5-6-22 Block 5 W 20' Lot 7 & E 28' Lot 8 & E 78.50'  
*(Legal description)*  
Lot 11 & Part Vac Alley Adj N BID No. 4

in the 12th Aldermanic District also known by street and number as 929 W. Mitchell St. respectfully petition the Common Council of the City of Milwaukee according to the provisions of Section 66.045 of the Wisconsin Statutes, that the following privilege be granted:

Installation of a self-supporting aerial fiber optic cable at a height of 25 ft.  
*(Here describe the privilege)*  
above street level to connect the building at 929 W. Mitchell St. to the building at 906 W. Mitchell St.

of which a plan or sketch is herewith submitted. Petitioner agrees to comply with all laws and all ordinances of the City of Milwaukee, to abide by any order or resolution of the Common Council affecting this privilege, to be primarily liable for damages to person or property by reason of the granting of such privilege, to furnish a bond and pay annual compensation as provided by law in the sum to be fixed by the proper city officers, and to file and keep current throughout the existence of the privilege, a certificate of insurance indicating applicant holds a public liability policy in at least the sums of \$25,000.00/\$50,000.00 bodily injury, and \$10,000.00 property damage, insuring the city against any liability that might arise by reason of the privilege.

Petitioner further agrees to remove said privilege whenever public necessity so requires when so ordered upon resolution adopted by the Common Council or other legislative body.

Should this special privilege be discontinued for any reason whatsoever, petitioner agrees to remove all construction work executed pursuant to this special privilege, to restore to its former condition and to the approval of the Commissioner of Public Works, any curb, pavement, or other public improvement which was removed, changed or disturbed by reason of the granting of this special privilege. Petitioner further agrees not to contest the validity of Section 66.045 of the Wisconsin Statutes, or the legality of this special privilege in any way.

## FIBER OPTIC RING PROJECT

### Organization Background

United Migrant Opportunity Services Inc. (UMOS) is a Wisconsin Corporation organized as a Nonstock Corporation under Chapter 181 of the Wisconsin Statutes and tax-exempt under the provisions of the U.S. Internal Revenue Code §501(c)(3). UMOS is dedicated to the education, training, health and welfare of migrant workers and other low-income individuals and their families. Additionally, UMOS is an Administrative Agency under State of Wisconsin welfare reform program, "Wisconsin Works" (W-2) with responsibility for delivering employment, training, and other services leading to family self-sufficiency for W-2 clients in Milwaukee Region 2. In geographic terms, this area comprises approximately the southeastern quadrant of Milwaukee County.

Over the last five years our Information Technology network has grown tremendously. From approximately 50 employees housed in a single building in 1975, the organization has grown to over 400 full-time and seasonal employees located in four states across the U.S. Due to this tremendous growth we have moved beyond the capacity of our current voice and data networks requiring us to devise a plan which would upgrade our Metropolitan Area Network (MAN) infrastructure to take care of our needs today while allowing us to continue to grow into tomorrow.

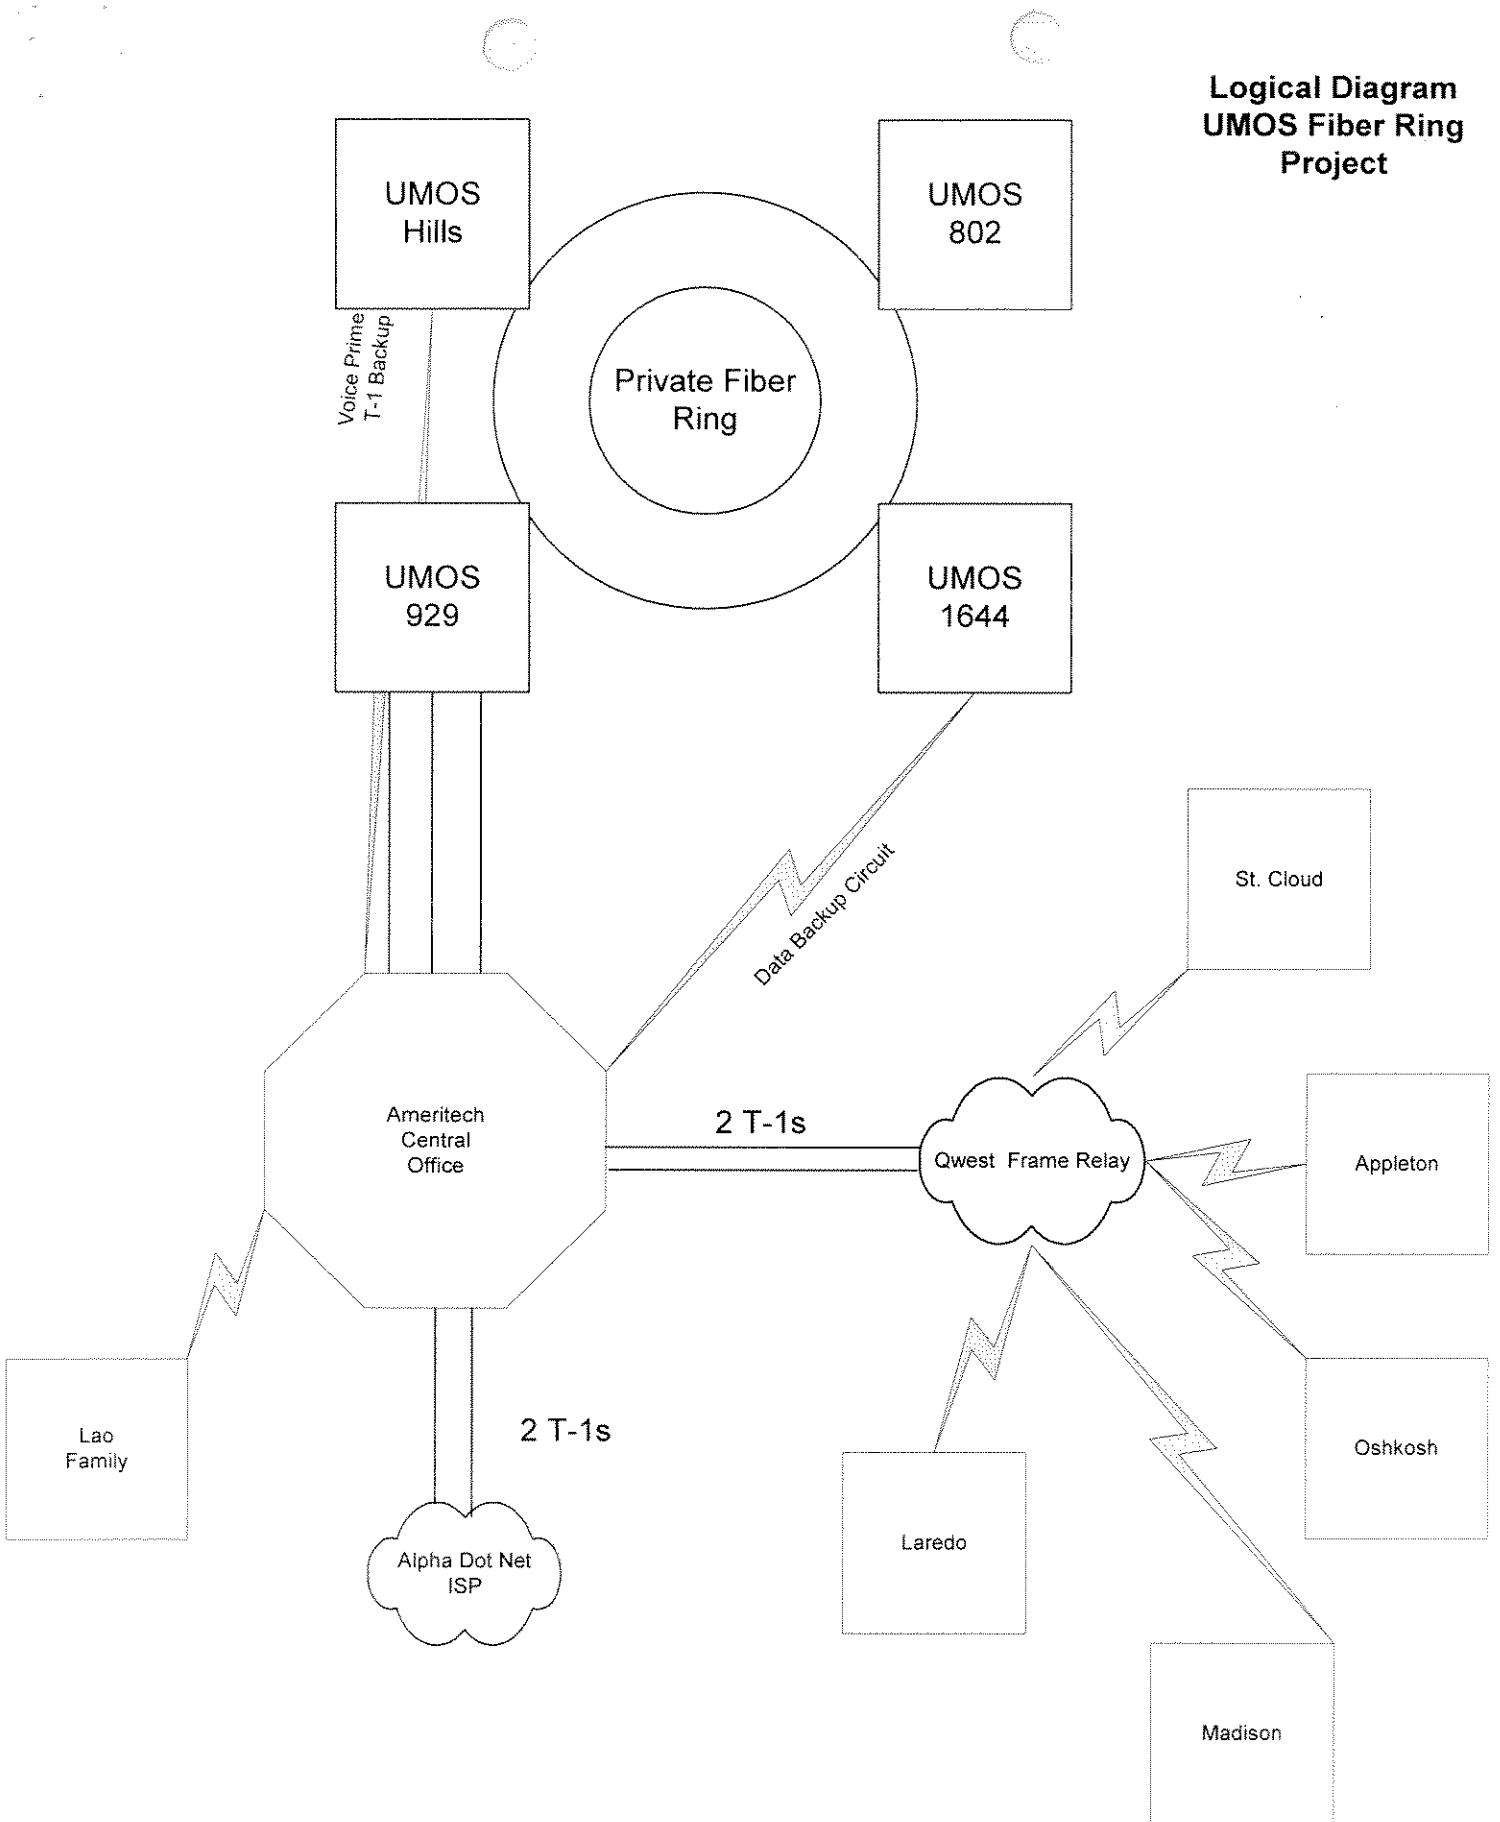

### Project Description

UMOS currently owns three buildings located at 929 W. Mitchell St., 802 W. Mitchell St., and 1644 S. 9<sup>th</sup> St. UMOS, Inc. also has a long-term lease on a significant amount of space in the Hills Building located at 906 W. Mitchell St. As the enclosed map indicates all of these buildings are within 1.5 blocks of each other. Our plan to upgrade the network consists of running aerial fiber optic cable between each of our buildings. To link three of the four buildings this cable would be strung on existing power/phone poles owned by Wisconsin Electric. We have obtained the approval of Wisconsin Electric and have contacted Clover Technologies, a firm that frequently does these types of jobs. The poles that would connect these three buildings cross 9<sup>th</sup> street at a point approximately 50 feet north of Mitchell Street. At the point that the cable crosses 9<sup>th</sup> street it would be installed at a height of 20 ft., one foot above the existing telephone cable.

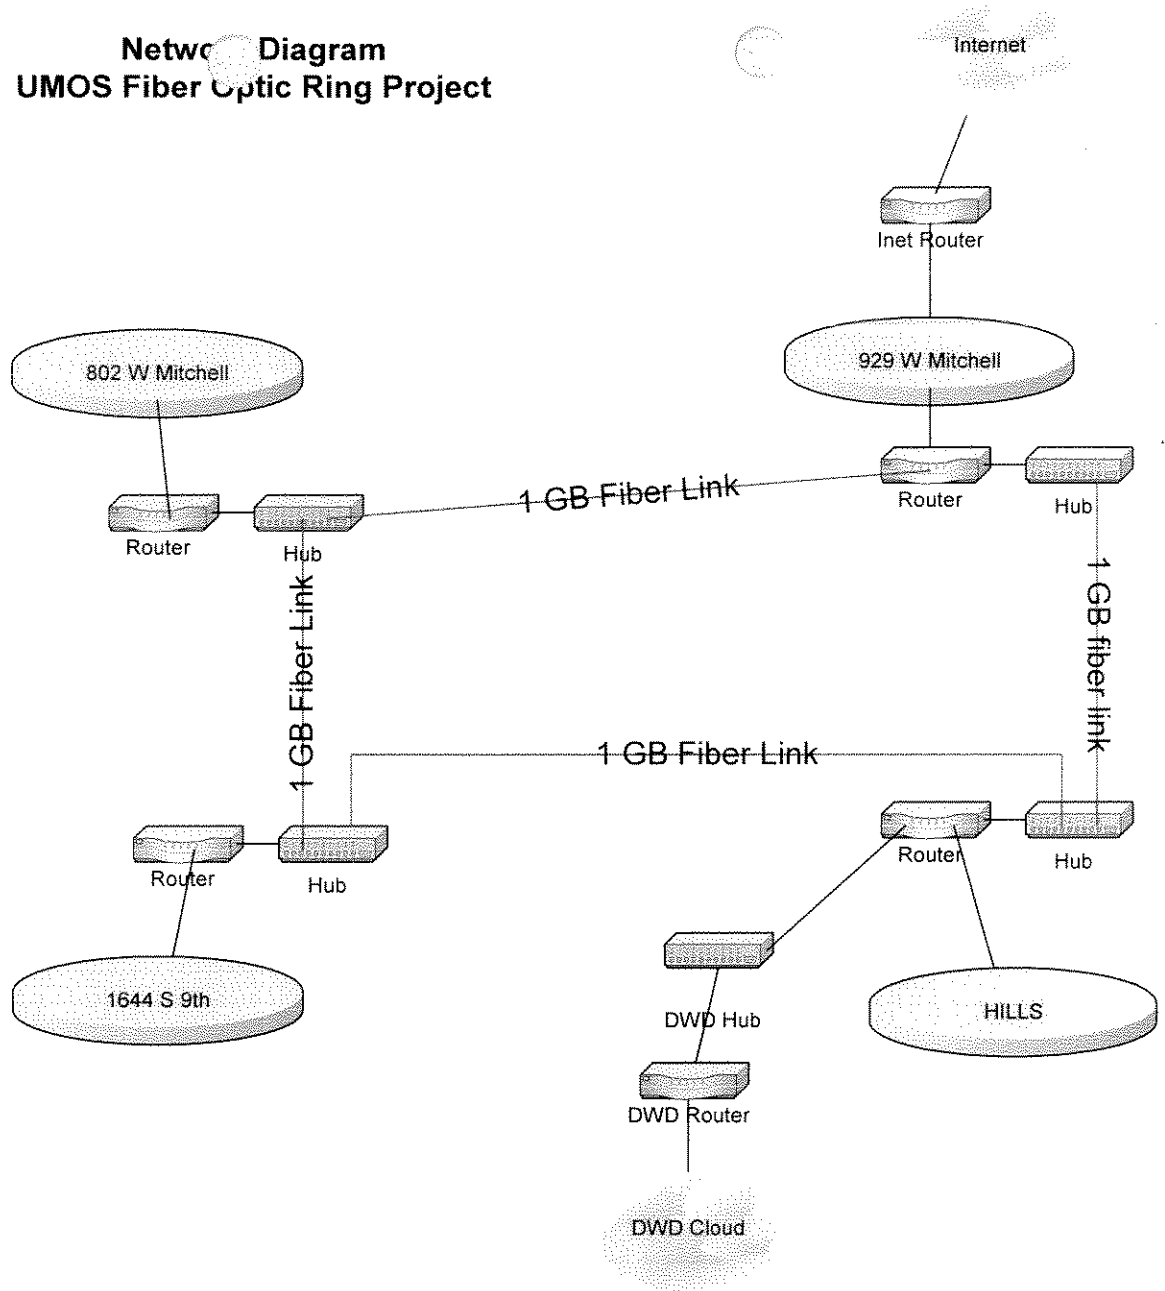

To connect 929 W. Mitchell St., our fourth building, to the other three will require us to string a cable across Mitchell Street. This cable would be installed at a height of 25 ft. and run at an angle across Mitchell Street that would total 90 ft. The cable is a self-supporting type which does not need an additional wire for support. This would be similar to the cabling that crosses Mitchell Street at the corner of 10<sup>th</sup> and Mitchell.
