

April 21, 2006

To the Public Works Committee

Subject: 2006 Hazard Elimination Safety Program
Local Forces Account Contract
South Layton Boulevard and West National Avenue

Dear Honorable Members:

The 2006 Capital Improvement Program includes traffic control improvements at the subject intersection. The Federal Program provides cost participation for the improvement of traffic control devices in conjunction with the Hazard Elimination Safety (HES) Program.

Ninety percent of the total cost will be funded by the Wisconsin Department of Transportation (WISDOT). The local share, \$3,258.21, will be provided through the Division's existing Capital Improvement Program.

We have, therefore, prepared the attached substitute resolution, which authorizes and directs the Commissioner of Public Works to execute a Local Force Account-Local contract with WISDOT that allows City forces to install traffic control improvements in conjunction with the HES Program at the subject intersection in the 8th Aldermanic District.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
