

December 2, 2005

To the Honorable, the Common Council

Subject: 2006 Paving Program Obstruction Removals

Dear Council Members

It is the practice to remove obstructions in the nature of porches, steps, railings, etc., from those certain streets and alleys which the Common Council has designated to be paved or repaved, in order to retain the uniform width of said streets and alleys.

In view of the fact that the 2006 Paving program includes numerous streets and alleys on which this should be done, we recommend the adoption of the attached resolution authorizing the Commissioner of Public Works to cause such obstructions to be removed.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
