On January 24, 2014 at 2005 (military time) I exited the expressway. I approached the intersection of North 8th St. and Locust St. The light was green for me to turn left. I attempted to make a left turn onto Locust. As I approached the crosswalk a City of Milwaukee small snowplow (Vehicle # 50262) entered the crosswalk coming from my right side . I was looking left to make the turn. It was snowing and slippery. I attempted to stop. The snowplow and my truck collided. An ambulance was called to check my daughter as she hit her head hard on the headrest. She was checked and it was determined that she did not suffer a concussion. She did however complain of a headache for two days. The damage to my 2011 GMC Acadia has been estimated at \$2400.00. It will take 2-4 days to fix. I will need a rental car for that period. The estimate for the rental car is \$500.00.

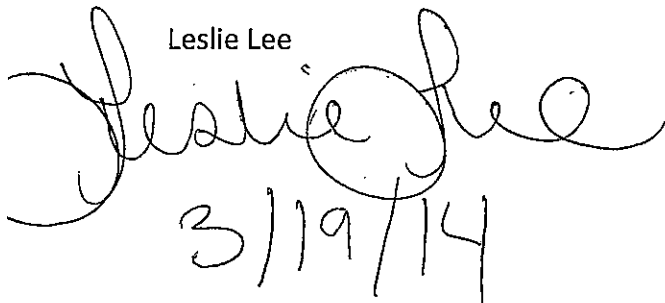

I have enclosed two estimates and an estimate of the rental. I request a total of \$3000.00.
