Dear Mayor Cavalier Johnson and Members of the Milwaukee Common Council,

My name is Letitia Tutkowski. I am a longtime resident of Milwaukee County and I'm writing to support adoption of Milwaukee's Climate and Equity Plan as part of the city's Comprehensive Plan.

I grew up on a family farm in western WI, and it terrible and frightening to see farmers affected by an increasing amount of droughts and floods which are exacerbated by global warming. Crops are ruined and farmers and rural communities suffer. (It might not seem like farming 4 hours away has an effect on this side of the state, but we're all connected!) If the Milwaukee Climate and Equity Plan is passed, I will be proud to know my community is doing our part to fight climate change thus making a better city here AND helping farming communities like the one where I grew up.

Even though I'm not a fan of the street car (would prefer the \$\$ go to rapid transit), I ask members of the Common Council to approve the Milwaukee Climate and Equity Plan. Please forward my message to members of the Common Council. Thank you for considering my comment.

Sincerely
Letitia
