

To Whom It May Concern:

Re; Ruben Burgos

I have known Mr. Ruben Burgos for 34 years, since 1988. Volunteering at Mexican Fiesta, I worked with Ruben who was the Security Co-ordinator. After all the years of working with him we became personal friends. He eventually was appointed President of the Mexican Fiesta Board. He gives 110% commitment and dedication in whatever he is involved in, which includes jobs, organizations, friends and family. I have gotten to know him well in many of these endeavors.

His leadership qualities include his logical thought process, his patience, and listening to input from others. One thing I admire about Ruben is he does not make impulsive decisions.

Mr. Ruben Burgos would be an excellent candidate for consideration for the Fire and Police Commission!

Thank for your time. If I can be of further assistance or you have questions please feel free to call me.
