RONALD L. LESCHARDT
CITY CLERK

To whom it may concern,

I'm writing this letter in regards to my loss of property pertained to sewer back-up located at 1903 W. Lawrence Ave.

I would like to appeal the decision in spite of the City having no knowledge.

I have taken necessary steps considering I reside in City Housing. They were notified immediately. I had no idea I was to contact the Department of Public-Works Underground Operations.

Regardless of other homeowners we reside on a hill - located on Cornell & Lawrence -, there were workers doing some sewer work just before my incident occurred.

I would like to request a hearing in regards to this matter.

To whom it Concerns

I Bernetta Chestnut reside at 1903 W. Lawrence Ave, Milwaukee WI 53209, in City Housing (Scattered Sites) Unfortunately I experienced a basement flood due to Sewer backup, on M.

CITY OF MILWAUKEE
JUL 13 PM 3:19
MILWAUKEE, WI

I lost an enormous amount of Clothes, Shoes, Carpet, baby items and a Oriental Rug which was of Sentimental Value.

It Caused much of a big inconvenience due to not being able to wash or bathe, every time my family ran water in any area the basement would increase with Sewer water for 5 days until the plumber came to Sewer averaging 6 2/3 of water. The smell was horrible not to mention the Clean-up. There's still remence of mildew.

However, I did submit a ~~11,000.00~~^{claim} to the Housing Manager. Unfortunately Housing doesn't honor Sewer back-up Claims, pitcheins were taken but Housing has them in their possession.

It would be greatly appreciated if the City would Consider Compensating my loss.

My Questions please call:
MR Vourgardes - 286-8534
Beverly Johnson - 286-5825

Please Consider,
Bernetta Chestnut
