Project/Program Title: City of Milwaukee Neighborhood Investment Fund grant projectsGrantor Agency: State of WI, DOA, Neighborhood Investment Fund grantsGrant Application Date: 11/11/2021Anticipated Award Date: 3/3/2022

1. Description of Grant Project/Program (Include Target Locations and Populations):
The state funding will support eight projects totaling \$15 million. These projects primarily aim to increase affordable housing in high-need Census tracts in Milwaukee, as well as helping to create early childhood education classrooms, a community-based organization headquarters, and the new MLK library. As the grant opportunity required that all eligible projects be "shovel ready," the projects are well on their way to positively impacting Milwaukee residents. A summary of each projects is attached.
2. Relationship to City-Wide Strategic Goals and Departmental Objectives:
The city supports development and access to affordable housing for low-income residents. It has been well-documented that there is a current shortage of affordable housing. The stability offered to families through access to affordable housing has far-reaching impacts to other areas. Focusing each project in a high-need Census tract aligns with the city's commitment to racial equity and improves the city overall.
