I hereby agree that I will comply with the applicable sections of the Wisconsin State Statutes, Administrative Code and the Milwaukee Code of Ordinances regarding the operation of weighing and measuring devices.

I understand that all devices must be operated within the specifications, tolerances and other technical requirements set forth in the National Institute of Standards and Technology Handbook 44. I understand that the license for which I am applying must be posted on the premises or in my vehicle prior to opening for business or operating the device.

I understand that these device licenses are not transferable (with the exception of scanners). If the device is replaced or needs to be resealed, I must apply for and receive a new license so that an inspection of the device can be performed prior to its use.

I acknowledge that as a condition of being issued this license, I must allow the Health Department into the establishment to test the device to validate its specifications/tolerances. If my devices are found out of compliance, I may be charged inspection fees.

I have read, understand, and will adhere to all the above acknowledgments.
