Question Form

SPECIAL PUBLIC SAFETY

October 3, 2016

9:00 AM

Room 301-B, City Hall

1. CCFN 160155: Communication relating to crime, fear, and disorder in the City.

If you wish to submit any questions relating to this matter, please complete the form below and submit to a committee staff member.

Name: LAN BAUTISTA

Organization (if affiliated): Clarke Square Neighborhood Initiative

Address: 2110 W. Scott St., MKE 53204

Question(s):

— How will the plan encourage neighbors in our ~~our~~ (and other) neighborhood to engage proactively with law enforcement / and vice versa (law enforcement to engage with neighbors) in light of positive efforts already in place?

— Most income in our neighborhood is earned through work. However our poverty rate persists & makes it difficult to earn a living. What can the City do, in partnership with others in the metro area, to build up entry-level wages, encourage employers to provide benefits and other insurability/sustainability concerns? (Poverty alleviation would likely have a positive effect on property and other crimes).

— Given the commitment to improving community/police relations, how will the committee's plan enrich police & law enforcement training for crisis situations? How can we train law enforcement (over)

to de-escalate situations where the use of force may be necessary. Can we be an example of the best trained law enforcement force in the nation rather than the largest per capita?

— Lastly, a statement - investments in preventive programs (positive opportunities for youth, and other under-served and vulnerable segments of the population) will yield better public safety results. Please consider more significant investments in these preventive opportunities.
