Subject: Rivianna

Alderman Hines:

I understand there is an effort led by Alderman Baumann to table the Rivianna project. I strongly urge that you support the project and work for its approval.

Bob Schultz is a man who insists on diversity and training on his projects. The project will open up employment opportunities for people in your district in construction and in the businesses that will be moving in to the project like the hotel that has been proposed.

The homeowners group made all sorts of allegations but could not back up one thing they said. This is nothing but a witch hunt.

This project will be good for the City, good for the fifth District and good for the citizens of the City of Milwaukee. Please do not kill this project.

Sincerely,

Lyle A. Balistreri, President
Milwaukee Building and Construction Trades Council
