March 13, 2007

To: Recipients of SEWRPC Planning Report Number 49:

Recently you have received a copy of the Southeastern Wisconsin Regional Planning Commission Planning Report Number 49, *A Regional Transportation System Plan for Southeastern Wisconsin: 2035*. The Commission staff has found an error on one of the pages that occurred during the printing process. The error in question concerns Map 95, "Proposed Park-Ride Lots Within Southeastern Wisconsin Under The Recommended Year 2035 Regional Transportation Plan", which appears on page 385.

This error has been corrected and a new page has been printed and is enclosed along with this letter. Please remove the page from the bound document by carefully tearing the page from the plastic binding. The replacement page has been pre-punched and a slot has been cut into each punch hole. Place the page so that the punch hole is aligned with the plastic binding strip and carefully press the two sides of the punched and cut hole under the plastic binding strip.

If you would prefer to return the publication to the Commission offices, the Commission staff will replace this page, and return the document to you.

We apologize for any inconvenience this may have caused.

Respectfully,

Philip C. Evenson

Philip C. Evenson, AICP
Executive Director
