Hi there,

My name is Mary Allison Williams, but I go by Alli. I am interested in applying to be a member of the Safety and Civic Commission. I currently work at SaintA, a child welfare and social services agency, as the Risk Mitigation Specialist. In

this role, I oversee client and staff safety to identify gaps in best practice, problem solve around improvements in services, and ensure policies and practices align with best practice while taking the reality of the work into account. Additionally, I have a Master's in Educational Policy and Leadership from Marquette where I studied statistical analysis for educational research, as well as inner city and black male educational issues.

I am passionate about the mission of the Safety and Civic Commission and I believe I could contribute much to the work of this commission.

Thank you for your consideration,

Alli Williams
