24-Hour Library

EnvisionWare creates solutions that deliver the maximum return on your investment. These systems are fast, friendly, efficient, loaded with functionality, and they work hard to deliver library services to patrons 8,760 hours per year (24x7). The EnvisionWare 24-Hour Library represents a major advancement in the delivery of public service.

What can the 24-Hour Library do for your patrons?

The EnvisionWare 24-Hour Library delivers[1]:

- 24-Hour browsing of the stacks
- 24-Hour OPAC browsing
- 24-Hour browsing on-screen
- 24-Hour program information
- 24-Hour checkout
- 24-Hour reserve selection
- 24-Hour check-in
- 24-Hour patron registration
- 24-Hour holds pickup
- 24-Hour sorting

In today's service-oriented society, with 24-hour drive-throughs at banks, fast food restaurants and markets, wouldn't it be great to keep pace with library services?

Where can you install a 24-Hour Library?

These systems are built for security, extreme weather, and for at-library and remote installation at:

- City parks
- Near fast food restaurants, banks and other retailers
- Senior centers
- Metro and bus stations, airports
- City hall, government facilities
- Schools and universities
- Outside your library for 24-hour holds pickup
- Malls

Have you avoided discussions about a bookmobile because of the operating cost or liability risks? Imagine delivering 24-hour services to your remote communities instead of a few hours a week or month.

[1] Features supported are a function of your choice of ILS integration and vendor

24-Hour Library
