CITY CLERK'S OFFICE

Regarding Renewal of Tavern and Food License for Brett's Farmhouse

Objections and findings during Council Meeting held on Sept. 12th.

I agree and understand what needs to be done as a result I had a meeting with Alderwomen Lewis on Monday, Sept. 18.

I understand that the health, safety and welfare of my patrons is the most important concern of mine and our community. I realize I must make changes as the times are changing. Thank You for your suggestions and help, I do appreciate it.

We have completed the following measures; A security wand has been ordered and will be delivered Thursday, Sept 21 and I will start immediately using at the tavern. I have also ordered an ID reader which is expected to be shipped by next week. Which in the meantime all Bartenders and myself will continue to check IDs.

We have posted no firearm signs on both entrance doors.

Copies of above items I purchased are attached.

I have contacted 4 security services and am setting up appointments and interviews to secure a security guard on Friday and Saturday nights from 10pm to close along with holidays and as needed. Companies contacted are WPA, SPI, WPPS and Best Guard Services. This will be implemented within the month.

I will continue as a small business owner to work with the community and police to make my establishment a safe environment, again thank you for your help.

Please let me know if my presence is required Sept 26th for the next council meeting.
