Good afternoon Chris.

This MPS letter arrived at the close of business today.

Thank you for adding it to the file.

Have a good evening.

Good Afternoon Mr. Davidson,

Thank you so much for reaching out to Milwaukee Public School regarding youth focused activities related to the JUUL settlement and smoking cessation programming for youth. I believe this is a very important topic and can possibly be a nice addition to some of the existing programming we already have in place regarding this issue. I look forward to learning more about this opportunity and how we can potentially partner to train staff to assist with the activities. There are several individuals from MPS including administration that should be at the table for any future conversations, and I would be more than happy to assist you with coordinating that to ensure the best possible implementation if this program is implemented.

Thanks again for contacting me and I look forward to working with you.

Sincerely,

What's up Sir!

Your letter would have a stronger emphasis on the number of Parent Coordinators you have that can be trained to address the vaping and addictive behavior issue (anticipate 80 trained and # number available to be resources at middle and high schools).

Please let me know if you have questions
