January 17, 2014

Mr. Jeff Polenske  
City of Milwaukee  
Department of Public Works  
Infrastructure Services Division  
841 North Broadway, Room 701  
Milwaukee, WI 53202

Dear Mr. Jeff Polenske :

Subject: State Municipal Agreement for the Lakefront Gateway Project (State Project ID 1300-13-01)

Attached for your review and action is the SMA for the subject project. The SMA includes boilerplate language that may not be specific to an individual project. The intent of this letter is to clarify the language in the attached State Municipal Agreement (SMA) for the Lakefront Gateway Project. The SMA applies only to preliminary design services and not any other phase of the project. The previously agreed upon Memorandum of Understanding (MOU) still applies in full to the project.

CLARIFICATIONS:

Under item no. 3, the State's Facilities Development Manual standards will apply for the portion of the construction work that is State funded, the portions of the local streets that impact the interstate and interstate ramp operations, and as necessitated for approval of project documents such as the Environmental Report and Interstate Access Justification Report. The construction funding breakdown is defined in the above referenced MOU.

Also under item no. 3, only letter (a) related to preliminary design applies to this agreement.

Item no. 4, relates to construction and is not applicable to this SMA.

Items no. 5 and 6 are applicable to this project.

Under item no. 8, most of these tasks refer to construction or post-construction (such as maintenance) and are not applicable to the design SMA. The only item that is applicable is letter (j) relating to assisting with public relations.

The cost share for preliminary design services (33% City funds, 67% State funds) was developed from the preliminary overall project estimate. Each section of the project was reviewed to estimate the level of engineering effort required. The local street portions of the project were included in the City's portion of the cost share and the interstate ramps were included in the State portion of the cost share.

Sincerely,

A handwritten signature in blue ink that reads "Brian Bliesner".

Brian Bliesner, P.E.
