Depending upon the sale dates for the general obligation bonds and notes, a maximum of six months of interest would be incurred during the year. If the bonds and notes are sold after July 1, 2002 there would be no debt service impact in 2002. Historically, general obligation bonds have been structured as 15-year, level principal payment bond issues. Short-term promissory notes have terms of up to six years to match the purposes financed.

**RECOMMENDATION: APPROVE COMMON COUNCIL RESOLUTIONS 011204 THROUGH 011219 FOR VARIOUS BORROWING PURPOSES AS ADOPTED IN THE 2002 CITY BUDGET.**
