Dear Inspector Robinson:

**RE: Rooming House at 3217 West Wells Street
Exterior Wood Repair**

Due to legal expenses and time constraints regarding my license renewal, we have been forced to delay completion of repairing exterior wood and installing gutters.

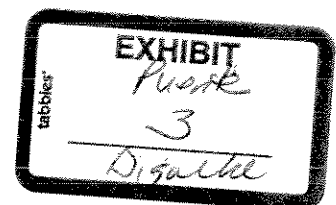

Attached please find copies of the estimates we have received to date. We will continue doing some of the work ourselves, and will hire a contractor to complete the work.

All work will be complete by August 31, 2005.

Thank you for your time and consideration.

Sincerely,

**Penny Bigalke
