Certificate of Appropriateness

Milwaukee Historic Preservation Commission/200 E. Wells Street/Milwaukee, WI 53202/phone 414-286-5712/fax 414-286-3004

| | |
|----------------------------|--|
| Property | 3215 W. STATE ST. Concordia Historic District |
| Description of work | This project involves two major modifications to the existing building of the former Concordia College campus: the removal of the stair and entry vestibule located between Albrecht Hall and the Rincker Library addition to the west, and the repair/replacement of all windows. Other proposed activities include the reconstruction of the concrete stair on the west elevation of the Library and the installation of mechanical equipment on the roof set back from the south elevation. |
| Date issued | 9/18/2015 (Amended 9/24) PTS ID 105811 COA |

In accordance with the provisions of Section 320-21 (11) and (12) of the Milwaukee Code of Ordinances, the Milwaukee Historic Preservation Commission has issued a certificate of appropriateness for the work listed above. The work was found to be consistent with preservation guidelines. The following conditions apply to this certificate of appropriateness:

The Historic Preservation Commission approved the installation of Marvin, aluminum-clad, wood windows with simulated divided lites at its 15 September 2015 meeting. The installation of these windows is restricted to the replacement of existing aluminum windows in Albrecht Hall. This condition is amended (09/24/2015) to include the replacement of all windows in Albrecht Hall with the above specified type. A decision on window replacement in the Rincker Library is pending.

The applicant will coordinate with Historic Preservation staff on the completion of a condition/replacement analysis of all existing wood-frame windows in both Albrecht Hall and the Rincker Library. This assessment will include the approximate date of installation (identification of original windows); the conditions of sash, jambs, and frames; the condition of glazing; and the practicability of rehabilitating the window.

Final details for reconstructed concrete steps including any handrails shall be submitted to staff for approval.

Final details on type and location of rooftop mechanicals shall be submitted to staff for approval.

All work must be done in a craftsman-like manner, and must be completed within one year of the date this certificate was issued. Staff must approve any changes or additions to this certificate before work begins. Work that is not completed in accordance with this certificate may be subject to correction orders or citations. If you require technical assistance, please contact Dean Doerrfeld of the Historic Preservation staff as follows: Phone: (414) 286-5712 E-mail: Dean.Doerrfeld@milwaukee.gov.

If permits are required, you are responsible for obtaining them from the Milwaukee Development Center. If you have questions about permit requirements, please consult the Development Center's web site, www.milwaukee.gov/build, or call (414) 286-8210.
