AGREEMENT BETWEEN

**THE WISCONSIN DEPARTMENT OF TRANSPORTATION
AND
THE CITY OF MILWAUKEE FIRE DEPARTMENT**

State Project I.D. 1060-37-92
CONTRACT NO. 39
2016-2017 Traffic Mitigation
Zoo Interchange Project

This agreement made and entered into between the Wisconsin Department of Transportation (DEPARTMENT) and the City of Milwaukee Fire Department (CITY), to provide for services as described herein. The Wisconsin Department of Transportation and City of Milwaukee Fire Department are partnering during the Zoo Interchange Project (PROJECT) to ensure that emergency response capabilities are not adversely affected by roadway reconstruction.

The DEPARTMENT advises implementation of a comprehensive and cost effective transportation management plan that will help ensure the safety, accessibility and mobility for the traveling public in the PROJECT area. The PROJECT area is defined as interstates I-94 and I-894/USH-45 from Lincoln Avenue on the south, west of Underwood Parkway on the west, Burleigh Road on the north and 70th Street on the east. Included in the PROJECT area are local alternate route streets within two miles of the interstate roadways.

To mitigate traffic impacts caused by the PROJECT, the DEPARTMENT will provide $50,000 to the CITY. In turn, the CITY will provide planning, coordination and staffing services (as outlined below) in an effort to mitigate emergency incidents in the PROJECT area and stay informed of PROJECT roadway closures and construction progress for a 2-year period commencing on January 1, 2016 and ending on December 31, 2017.

The monies provided by this agreement will allow for CITY to assist in:
- Providing a liaison to the PROJECT to debrief and mitigate incidents in the construction zone
- Multi-jurisdictional response
- Relaying of project information to fire stations, EMS providers and dispatchers
- Evaluation of emergency access and traffic control plans with identification of risks and training opportunities
- Emergency response plan
- Emergency response routing-planning (Emergency vehicle preemption and signing)
- Participation in incident "dry run" exercises
- Provide feedback and insight that will aid in the development and updates of a crisis-communications plan
- Design coordination

Basis of Payment

The CITY shall charge actual costs incurred and attributable to the work performed and described above under this agreement to the DEPARTMENT. The DEPARTMENT will provide to the CITY reimbursable funding for these functions in the amount of $50,000. Total reimbursement to the CITY for traffic mitigation measures under this agreement will not exceed $50,000. Billings shall be directed by the CITY to the attention of Chris Hager, Wisconsin Department of Transportation, Southeast Region, 141 NW Barstow Street, P.O. Box 798, Waukesha, WI 53187-0798 and will include a statement of expenses supported by a description of items and services provided and expended. The DEPARTMENT shall pay the bill promptly upon receipt thereof.
