To the Honorable, the Common Council

Dear Honorable Members:

Attached is a resolution authorizing the Commissioner of Public Works to issue a permit allowing excavation in the intersection of North 60<sup>th</sup> and West Center Streets where the pavement is less than three years old. This resolution was originally sent to you on April 4<sup>th</sup> for introduction of April 10<sup>th</sup>. However, for some reason, the file was never introduced.

The improvements authorized by approval of this resolution will upgrade telephone service in the area of the city west of North 60<sup>th</sup> Street. Many new telephone customers in that area are dependent upon these improvements. If the resolution had been introduced on April 10<sup>th</sup>, it would have been acted upon on May 8<sup>th</sup>. I am now requesting that the Common Council consider adoption of this resolution at its May 8<sup>th</sup> meeting under suspension of the rules.

Thank you for your help on this matter. If you have any questions or if you would like additional information, please contact Thomas Miller at extension 3304.

Very truly yours,

  
Mariano A. Schifalacqua  
Commissioner of Public Works
