Grant Continuation

Change in Previously Approved Grant

Previous Council File No.

Previous Council File No.

Project/Program Title: Parents as Teachers Curriculum Grant

Grantor Agency: Children's Trust Fund of Wisconsin

Grant Application Date: June 2006

Anticipated Award Date: July 2006

Please provide the following information:

1. Description of Grant Project/Program (Include Target Locations and Populations):

The Milwaukee Comprehensive Home Visiting Program (MCHVP) will be providing evidence-based case management/home visiting services to high-risk pregnant women, new mothers and their families who reside in a six zip code targeted area (53204, 53205, 53206, 53208, 53212 and 53233.) The purpose of this project is to provide a comprehensive home visiting curriculum that will include nationally certified training for staff (next grant year) and to provide necessary supplies needed by families for a safe and healthy environment for their children, to enhance parent-child interaction and to stimulate their children's intellectual, language, social and physical development.

Relationship to City-wide Strategic Goals and Departmental Objectives:

This program helps to improve the health of children, reduce infant mortality and insure that all children entering school are physically, mentally and emotionally capable of satisfactory education achievement. All of these are departmental objectives and assist in attaining the Citywide objective of making Milwaukee a city of healthy citizens with educational opportunities.

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

In order to achieve positive health outcomes in this program, MHD must provide an evidence-based curriculum that builds upon the strengths of families and can be adapted to the unique needs of Milwaukee families. MHD has conducted an extensive review of peer-reviewed literature, evidence-based models and curriculum and has determined that it should follow Parents-As-Teacher (PAT) curriculum guidelines related to staff training and providing necessary supplies needed by families for a safe and healthy environment for their children, to enhance parent-child interaction and to stimulate their children's intellectual, language, social and physical development.

4. Results Measurement/Progress Report (Applies only to Programs):

A representative of MHD will attend the PAT national conference to learn more about the program, establish relationships with state and national representatives of PAT and to begin preparing for staff training. MHD will purchase recommended parent education materials to supply home visiting teams with items needed to carry out requirements of the curriculum.

5. Grant Period, Timetable and Program Phase-out Plan:

July 1, 2006 – June 30, 2007

6. Provide a List of Subgrantees:

N/A

7. If Possible, Complete Grant Budget Form and Attach.
