RE: C.I. File No. 02-S-150

Dear Sir:

In response to your letter of May 21, 2002 I am hereby appealing your decision to deny my claim, and requesting a hearing.

Since you have had other reports of median signs missing in this area, it should not be surprising to learn that such signs were also missing on the evening of 7 February. If you are reluctant to take my word for this, you might check with the two policemen in the unmarked police car who came by at the time. I expect they work out of Precinct 5. My passenger could also testify that a median sign was missing on the island in question.

Thank you for your attention to this matter. I await your response.

Sincerely,

Harry Horning

ATTN: CLAIMS
200 E. Wells St., Room 205
Milwaukee, WI 53202-3567

Dear Sir:

On Thursday, 7 February 2002, about 7:15 PM, I was driving west on the North Avenue Viaduct. I was in the left lane, since I was planning to turn left at Humboldt Ave. Just beyond the west end of the viaduct the left wheels of my car went over the **un-marked** Concrete curb of an island. The accident made it necessary for me to have both the tires and the wheels replaced. I pulled into the parking lot at the east end of the Jewel/Osco building (upper level) to avoid obstructing traffic. While I was awaiting the arrival of a tow/haul truck, an unmarked police car pulled into the lot and asked me what happened. I told them, and they drove away.

Last week I happened to drive this same route, and I noticed that the east end of this island now displays several yellow and black, diagonally striped warning signs. This would lead one to believe that other motorists have suffered the same misfortune that I did.

I have enclosed copies of the invoices for the tires and wheels, which total \$560.61. I respectfully request that the City reimburse me for this amount, considering the fact that it was negligent to leave such a hazard unmarked in the way of traffic.

Thank you for your consideration and attention to this matter.

Sincerely,

Harry Horning
