City of Milwaukee: Charter School Review Committee
200 East Wells Street, Room 606, City Hall
Milwaukee, WI 53202-3567

Dear Committee Members:

As a proven, national electronic data solution provider for personalized learning management and academic achievement aggregation, we at Project-based Learning Systems, LLC (PBLs) are proud to be supporting the efforts of TransCenter For Youth's new charter school. **As a partner and as a Milwaukee-based company, we strongly endorse your approval of their charter request.**

The new school will be working with PBLs to customize and leverage the *Project Foundry*® platform (<http://www.projectfoundry.org>) to collect, manage and report academic achievement data along side other academic related information. *Project Foundry*® is used by innovative schools in 21 states from Maine to Hawaii. We proudly work with nationally recognized models, including EdVisions Schools, BigPicture Schools, High Tech High Schools and Buck Institute for Education trained schools.

Thank you for your consideration and please feel free to contact me with any questions regarding our solutions or support for the Trans Center for Youth's charter request.

Sincerely,

Shane Krukowski- skrukowski@pblhq.com
President and Managing Director
