Dear Mr. Zielinski:

The Health Department is submitting the following grant resolutions for Common Council approval:

Medical Assistance Outreach - VITA Grant - This is a new grant funded by the Greater Milwaukee Foundation through the Social Development Commission. The purpose of the grant is to assist low-income families in obtaining medical insurance and to measure the impact of the Milwaukee Health Department's program at three sites.

Racial and Ethnic Adult Disparities in Immunization Initiative Grant- This resolution amends Common Council File 020717, which approved the funding for this grant. Additional funding has been received. The goal is to increase and improve influenza vaccination rates for adults 65 years of age and older in African-American and Hispanic communities.

All appropriate paperwork is attached. Thank you for your consideration.

Sincerely,

Janet Nell
