CITY CLERK'S OFFICE

Kimberly Virojana

Milwaukee, WI 53215  
Phone- 414-736-4259

To whom this may concern:

My name is Kimberly Virojana, please except this notice as the initial stage for me seeking reimbursements for my medical costs, pain and suffering costs and loss of Productivity costs, associated with a bicycle accident, that I would not have otherwise been in, had this particular sidewalk on the streets of the City of Milwaukee, been maintained and free of uneven sidewalks, creating a dangerous safety hazard for pedestrians.

It is my understanding that the Nation is in a Recession and we as a Country need to create and maintain Jobs. One of the focal points of creating jobs is having better roadways. There are Governmental Grants available for this very purpose, for each City in Wisconsin. It is my belief that this particular sidewalk located on the East side of the 2600 block of South Chase Ave., had been neglected for quite some time as evidenced by condition in which it was at the time of the accident. It has since been fixed.

On June 27, 2012, I was riding my bicycle downhill on the East side of the 2600 block of Chase Ave, Milwaukee, Wisconsin, when all of a sudden, the sidewalk became uneven and had (2) five inch dip and rises. I did not have enough time to stop because it was not until I was inches away from it, that I actually seen it, I didn't see because a shadow was casted over the uneven part, creating a camouflage effect. I couldn't go around it because it was too late, and, there was a wired fence on one side and the tree on the other side. Therefore, it left me no alternative, but to, do a wheelie over the first rise, but when the wheel came down, I hit the second rise and because of the speed in which I was going, I flew over the handle bars. The next thing I remember, the Emergency Medical Team was standing over me. I don't know how long I was laying there, I was unconscious, but clearly someone seen me, and dialed 911. I was taken to the St. Francis Hospital. I walked away with no broken bones. However, my Liver was bleeding, my face swollen and bruised (on the right side), my arm road rash (right side), wrist sprung, right elbow region was in severe discomfort and severe pain in my entire back and neck. I was initially taken by ambulance to St. Francis hospital, where X-rays and MRIs' were taken, it was at that time, and the Doctor discovered my Liver was bleeding. I was then transported to Froedtert Trauma Center for further medical attention. I was admitted overnight for observation, due to Liver Trauma.

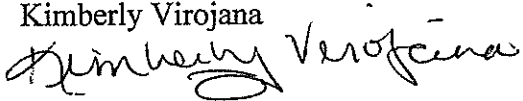

My liver is still healing on its own, however, my back, neck and right are still being treated by a Physical Therapist and the Pain is somewhat tolerable because of Prescribed Pain Medication. My Internist has referred me to a Pain Management Doctor for further medical treatment.

I am seeking monetary compensation for Medical costs and Pain and Suffering and lost of Productivity, due to my injuries associated with my Bicycle accident on June

27 2012 which was caused by The City of Milwaukee negligence. The amount that I am requesting is a total of \$ 385,000 (Three hundred eighty-five thousand dollars) this amount includes current and pending medical expenses and medication, pain and suffering, loss of productivity and special furniture to accommodate back injury.

Thank You,

Kimberly Virojana
