Ron,

The Department has reviewed the protest petition relative to FN 100290 and the requirements of Sec. 295-307-5. The properties denoted by the signatures on the petition represents more than 20% of the land directly opposite thereto extending 100 feet from the street frontage of the opposite land. If the petition meets all other related filing requirements as determined by the City Attorney, it is valid and will require a  $\frac{3}{4}$  vote of the Common Council to approve the ordinance.
