On Friday, February 1, 2008 after exiting 45/41 at Exit 46 County E WEST I hit a elongated pothole crossing to the lefthand lane at approximately 8:30 P M. I had a blown-out tire and could not stop on Silver Spring Drive (County E WEST) due to busy traffic which resulted in damage to the tire wall requiring replacement an a realignment. My car is old, but maintained. I had previously put all new tires on the car in January, 2008. The receipt for the repairs is enclosed for claim amount.

Respectfully,

Teresa Jane Gueller
