Subject: Proposed Data Center at Midtown Milwaukee

[Some people who received this message don't often get email from vyencheske5431@yahoo.com.
Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

As a former resident near the proposed data center cite, and as a current resident in Milwaukee County, I oppose this site for a Data Center.

It would be in a dense residential neighborhood. It would create noise pollution. It would siphon vast amounts of water that our whole region

depends on. Many neighboring communities buy water from Milwaukee. This siphoning would no doubt raise the price of water for our

neighbors.

Again I say LOUDLY: NO NO NO to the Data Center being proposed for the Midtown Milwaukee location.

I oppose this. There are certainly much better options for this site that would bring services and value and beauty to this area.

We don't need this. Not now, not ever.

Thank you for taking the time to consider my letter.
