Re Jeff Dillman  
C.I. File No: 07-S-225

Dear Mr. Langley

In regards to my claim submit back in June in the amount of \$3,332.00 relating to damage done by the Milwaukee Police Department on April 20, 2007 when they made forced entry to my property located at 661 N. 105<sup>th</sup> St.

I have received your letter denying the claim and this is a request to appeal that decision. I wish to schedule a hearing. Please contact me with the hearing date and place. If this is something that should be processed through the Waukesha County Sheriffs office as well please forward me that information. I appreciate your time in this matter.

Sincerely,

Jeff Dillman

To Whom It May Concern:

On April 30<sup>th</sup>, 2007 Judge Linda M. Van DeWatz signed a search warrant for Detective Mike Mundlitz to enter one rental properties located at 6611 N. 105<sup>th</sup> street in the City of Milwaukee (see copy of enclosed warrant). Upon entry of the townhouse they broke in the front door denting the new steel door and breaking the door jams. As my tenants describe they enter with guns drawn and threw tear gas or some kind of canister into the living room on the carpet and burning a big hole into it. They confined my tenants to the couch in the living room with guns on them while other officers went through the house. The bedrooms were apparently locked and officers then broke into those rooms damaging 2 of the three doors. They also while entering a bathroom used the barrel of one of the guns a put a hole in it. This unit was completely redone about four years ago and for the most part everything in it was newer. (See enclosed pictures)

There are several disturbing things about this whole situation. One is the person they were looking for had not lived there for almost three years. Even I had there newer address! Why wasn't I contacted before this took place for a key as I was in the past at another location, or better yet to verify who lived there. This could have been done also through checking utilities bills for the residence. Needless to say I don't have to go through this process, the city has detectives that should of done there homework. If this is not a case of negligence and poor detective work, I don't know what is! The police work in this situation really concerns me and terrified my tenants.

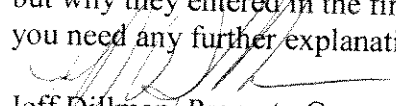

The least I can expect from the terrible case of detective work is reimbursement of the items that were damaged. I've enclosed receipts for two estimates of the material and supplies needed to repair the damage. Two estimates for the carpeting to be replaced and two estimate for the three doors that need to be replaced. My tenants never informed me of this until the end of May and told me they were moving because of the situation and I can't blame them. I also have lost one month of rent of \$750 in trying to get the place put back together. No one has been interested in it when showing it, in the condition it was in.

Estimate from Home Depot for doors is 549.65, and installation for the 3 interior doors and 1 exterior pre-hung door. Labor prices are attached as well. Labor for the exterior door is \$314, the first interior door \$159 and the 2<sup>nd</sup> and third doors are \$136 each. Total labor = \$745.00 Total labor and doors =\$1294.65

Estimate from Menards for the doors is \$213 for the exterior door and \$297 plus tax for the three interior doors. Total material = \$510 plus tax was not added to this total. Installation would be close to the same as Home Depot using outside contractors.

Carpeting estimates include removal and installation. Malkin's carpet estimate was \$1431.91 and the estimate from Supercarpet was \$1287.39. I won't even tell you the time it has cost me running around getting these estimates and arranging to have it put in, cleaning up the apartment, and arranging showings all because of this. It is now June 20, 2007 and as of yet do I have a prospective tenant for July.

My attorney and I see this situation as unbelievable and most of all negligent, not in the way they entered, but why they entered in the first place and who they were looking for. I'm sure you shall see it the same way. If you need any further explanation or information please feel free to call me.
