To the Public Improvements Committee

Subject: West Center Street  
North 92nd Street to North 76th Street

Dear Honorable Members:

Common Council Resolution File Number 010810, adopted on November 6, 2001, authorized and directed the execution of a project agreement with the Wisconsin Department of Transportation (WISDOT) for the programming and reconstruction of West Center Street between North 92nd Street and North 76th Street, with 80% Federal and/or State aid, under the Surface Transportation Program.

The original project agreement did not include funding for street lighting work associated with the project. Recently, the City Street Lighting Section has requested and the WISDOT has agreed to revise the project agreement to include State and/or Federal cost participation for streetlight work on this project. This work will be eligible for 80% Federal/State cost participation. The City's share of this work is estimated at \$49,000.

The attached resolution authorizes and directs the Commissioner of Public Works to execute the Revised Project Agreement.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Mariano A. Schifalacqua  
Commissioner of Public Works
