

Sir or Madam,

Thursday, Sept. 17th of 2009
On my way home from the grocery store on
11th and Burleigh, as I cross the intersection
I slipped on a Island that was not
properly repaired by the City. As a result
of this fall, I have broken the Great index
left toe of my left foot. Now, this has
me hindered from doing my job as my mother
caretaker. She's disabled and I keep
errors for her on a daily basis. She's a
stroke patient and she's medically hindered.
I take care of her. I am requesting
a sum of \$25,000 for medical bills for this
situation and for time lost by not
being able to do my caretaking duties.
I also have a witness that can verify
of this ~~and~~ incident, his name Ahmad
Rashad 1120 W. Burleigh 444-562-2143,
he can give more information if needed.
