Report of Audit Activities
July 2009**

This Report of Audit Activities by the Office of the Comptroller includes the major audits conducted in 2009, as well as audits from prior years where recommendations had not been fully implemented or sufficiently addressed. The reported implementation status of audit recommendations is based on written updates provided by City departments. Our Office has generally not verified this status information, but may choose to perform audit activity in the future to accomplish this verification on a selected basis.

2009 Audit Activities

Table 1 summarizes the 9 audits underway in 2009. Four audits were completed and issued and five audits are targeted for issuance before year-end.

The **2009 Review of IT External Network Connections** is underway and being conducted by outside consultants and will assess the security of wired and wireless connections to the City's IT networks.

This audit is the first IT audit selected from a new IT audit plan developed in 2008 for the Office of the Comptroller by outside consultants.

The report makes 3 recommendations.

In addition to these audits, the Office of the Comptroller operates the City's Fraud, Waste and Abuse "Hotline", under Common Council Resolution 040063. A report of Hotline activities was issued to the Common Council on February 2, 2009.
