

August 25, 2006

To the Honorable, the Common Council

Subject: Project I. D. 1693-37-00/70
Summerfest Shuttle Bus Parking (Non-Highway)
Management System – Phase 2

Dear Council Members:

The Wisconsin Department of Transportation (WISDOT) has informed the City of Milwaukee that the Summerfest Shuttle Bus Parking (Non-Highway) Management System – Phase 2 project has been approved for funding under the Congestion Mitigation and Air Quality (CMAQ) program. The project consists of providing advanced signing indicating near real time parking availability at various parking structures in the Westown, East Towne and Riverwalk Districts and is consistent with the City's Park Once Concept.

WISDOT has submitted the attached Project Agreement to be executed by the City of Milwaukee for the programming of the subject project with 80 percent CMAQ funds. The remaining 20 percent of the project costs will be City funds.

We have prepared and recommend adoption of the attached resolution that authorizes the Commissioner of Public Works to execute the Project Agreement and authorizes the City Comptroller to create the proper accounts for the project.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
