To the Public Works Committee

Subject: Common Council Resolution File Number 130808

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 130808, being a resolution to grant a special privilege to The Chef's Table LLC to construct and maintain a wood entrance structure with platforms and steps and to keep and maintain a backup driveway in the public right-of-way for the premises at 500 South 3<sup>rd</sup> Street.

The applicant had renovated the existing building, creating a private dining facility, and, as part of the renovation, had constructed a wood entrance structure at the southeast corner of West Virginia Street and South 3<sup>rd</sup> Street. Said entrance structure is comprised of two platforms of different elevations connected by a single step and a set of steps at the east end to the lower platform. In addition, the applicant intends to return to use a previously existing loading dock door and backup driveway, which had not been used for many years.

We are not aware that the presence of said items will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Ghassan Korban  
Commissioner of Public Works

Art Dahlberg  
Commissioner  
Department of Neighborhood Services
