Dear Honorable Members:

I request that a file be opened to consider an amendment to the August 22, 1997 cooperative development agreement relating to residential infill development in the city and new construction efforts in the Lindsay Heights Infill Homeownership Initiative and CityHomes Subdivision project.

The intent of this amendment is to set out clear expectations and provide a mutually agreeable understanding between the parties in regard to the efforts, responsibilities and working relationship of each under the Lindsay Heights new construction initiative. A copy of the revised Memorandum of Understanding is attached. Alderman Willie L. Hines, Jr. has asked to be the sponsor of this file.

Sincerely,
