Hello!

I am a resident of Milwaukee and my name is Magin Razo

I strongly oppose the thought or any future plan to have an AI center in anywhere in around or by the city of Milwaukee.

Of course the powers that be would want to place the AI center “in the hood” near and front and center of a “undesirable” & “underprivileged” neighborhood.

Shame on whomever thinks an AI center would benefit another other than someone’s pockets who isn’t a resident of the neighborhood/City of Milwaukee.

How about having grocery stores in that neighborhood?!

How about repairing the pot holes in the street?

How about taking care of the Milwaukee residents instead of having some billionaires interest at heart!!!!
