Grantor Agency: State of Wisconsin Division of Health and Family Services

Grant Application Date: June 1, 2002

Anticipated Award Date: July 1, 2002

Please provide the following information:

### 1. Description of Grant Project/Program (Include Target Locations and Populations):

The State of Wisconsin Division of Health and Family Services in conjunction with the Centers for Disease Control and Prevention has identified West Nile Virus (WNV) as an emerging pathogen in Wisconsin during the Fall of 2001. The Milwaukee Health Department was integral in collecting bird specimens for analysis of WNV during the initial detection of the disease and has since developed public information and outreach on the epidemiology of the virus in Milwaukee County. These monies will be used to fund a .5 FTE staff in the Milwaukee Health Department to continue coordination of bird surveillance as well as enhance overall surveillance of the disease in both mosquito and human populations. The monies will also be used to provide some public education and outreach to healthcare providers as well as the general public through website, public hotline and printed materials.

### 2. Relationship to City-wide Strategic Goals and Departmental Objectives:

These monies are consistent with city and departmental goals of communicable disease control and prevention and ensuring preparedness and response to emerging disease scenarios that potentially impact public health and safety within the community.

### 3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

### 4. Results Measurement/Progress Report (Applies only to Programs):

### 5. Grant Period, Timetable and Program Phase-out Plan:

The grant period is July 1, 2002 – June 30, 2003.
