Ref: 02013(22)

Common Council File No. 021171 is a resolution from the Health Department amending Common Council File No. 011558 related to the application, acceptance and funding of the 2002 Consolidated Contract. The Consolidated Contract is a continuing annual award from the State of Wisconsin, Department of Health and Family Services.

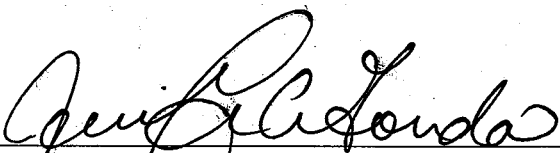

This grant combines six initiatives (Immunization Action Plan, Adolescent School Health, Cancer Control Coordination, Preventive Health, Childhood Lead Detection, and Tobacco Control) into one contract. Each of these programs, however, will retain their separate objectives and accounts to monitor performance and expenditures. The Medical Assistance Outreach Grant is no longer part of this contract and the Presumptive Eligibility Grant has been eliminated.

The consolidated contract process involves the state distributing public health funding using a formula based on general population, risk factors, services level, target population and geographic size. The city of Milwaukee (Milwaukee Health Department and community-based organizations) receives one allocation. The local health department has the first option of how much funding it wants to retain for its operations. The remaining funding is distributed to community based organizations.

Under this contract, 27 positions (23.5 FTE's) are funded completely by the grantor and 8 positions (8 FTE's) are city in-kind contributions. The contract makes up a significant portion of Health Department's budget, without which, the City would not be able to fund these programs.

The grantor's share of this project has been increased by \$195,760 to \$1,415,470 and the city's in-kind contribution remains at \$381,299. This contract is effective from January 1, 2002 to December 31, 2002.

RECOMMENDATION: APPROVE COMMON COUNCIL FILE 021171 WHICH AMENDS COMMON COUNCIL FILE NO 011558 AUTHORIZING THE HEALTH DEPARTMENT TO ENTER INTO THE CONSOLIDATED CONTRACT WITH THE STATE OF WISCONSIN.
