**Subject:** Rivianna Project

Dear Alderperson:

I am a resident of Marine Terminal Lofts which is directly opposite the proposed Rivianna Project.

I realize that the South Side of the Milwaukee River Basin will be developed. But I oppose this project because of its scale and the fact that it does not fit in with the scale of the buildings on the North Side of the River.

I feel that a plan should be developed for the South Side of the River so that it would compliment what early developers and individual investors did in the Third Ward.

We individually put our good faith and money in the Third Ward which has greatly benefited the City of Milwaukee in tax revenues. To see that ruined by bad development on the other side of the River is not fair.

Please vote NO against the Rivianna Project.

Sincerely,

Richard Antonacci (311 East Erie Street Unit 322)
