Questions_Comments: I am writing to strenuously object to the pending promotion of Sgt. Bradley Blum. As many individuals living in the City of Milwaukee, we have followed the outrageous result of Sgt. Blum' gross neglect of duty in failing to protect Frank Jude along with many other missed opportunities to hold him accountable for despicable behavior over the years. I also object to the fact that both Commissioners Ann Wilson and Fred Cruther remain on the FPC. Their judgment is questionable. This is a huge mistake on the part of Mayor Barrett. Residents/voters in Milwaukee have had enough of law enforcement getting slapped on the wrist and getting away with misconduct over and over again. Do not promote Sgt. Blum! Milwaukee residents deserve better.
