Thank you again for presenting at the BEDC on May 7th, 2024. As a recap, the Mission of the BEDC is to support the businesses and stakeholders of Walker's Point while preserving the authenticity and diversity of the neighborhood, to provide a forum for the discussion of development, and provide stakeholder input to aid in the mission of the Walker's Point Association.

Vice-President

The BEDC appreciates you meeting with us, and to reiterate, we are here to serve as a sounding board prior to presenting in front of the broader neighborhood or getting City Approval.

Based on the information and materials provided, along with the continued conversation and correspondence both with you/your team and the BEDC & WPA Board, the BEDC is in support of Zocalo permanently closing down the portion of Pierce Street from 6th Street on the west to the ally on the east, utilizing funding from TID 85.

Pierce Street Pedestrian Walkway Conversion Approval Petition

I understand that there is a proposal to transform Pierce Street from 6th Street to the alley (east of 6th Street) into an activated, year-round pedestrian-friendly right-of-way that is in line with Walker's Point Strategic Action Plan.

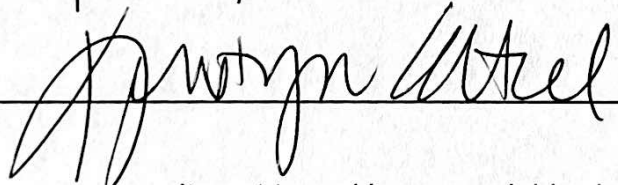

Having carefully reviewed the preliminary renderings and plans for this project, I support the conversion of Pierce Street into a pedestrian walkway.
